

WEC WHITEPAPER

Abstract

2025-09-09

WEC coordinates value across We Are Ahead's multi-hub ecosystem. It enables access, rewards, and governance, with a fixed supply of 100,000,000 on Ethereum (ERC-20).

Vision & Ecosystem

2025-09-09

WAA operates hubs in Fashion (Sophia Nubes), Auto, Short-let (Shotlet Hub), Media/PR, Wine & Beverages, and Betting & Games. WEC provides shared utility: payments, staking, governance signalling, and partner incentives.

Token Overview

2025-09-09

Ticker: WEC • Standard: ERC-20 • Decimals: 18 • Supply: 100,000,000 • Contract: TBA • Treasury: Multi-sig with timelocks for team/advisors.

Utility

2025-09-09

Payments & discounts, staking & rewards, governance signalling via Snapshot-style votes, partner incentives for verified merchants/creators, and access to gated features and presales.

Tokenomics (Initial)

2025-09-09

Public Sale 35% (TGE 20%, then 6-month linear). Liquidity & Market Making 20% (locked 12 months). Treasury/Partnerships 20% (6-month cliff, 18-month linear). Ecosystem/Rewards 10% (programmatic emissions). Team 10% (12+12). Advisors 5% (6-12m).

Technical Architecture

2025-09-09

OpenZeppelin ERC-20 base, role-based access control, multi-sig treasury, timelock for cliffs, staking contracts audited pre-incentives, oracles for pricing and loyalty tiers.

Compliance & Risk

2025-09-09

Sale participants will follow KYC/AML where required. Tokens are not securities; no profit rights implied. Risks include regulation, volatility, execution, and security. Mitigation: staged rollout, audits, bug bounty, treasury risk controls.

Roadmap

2025-09-09

Phase 1: Docs & Hub. Phase 2: Legal & Tokenomics. Phase 3: Build & Integrations. Phase 4: TGE & Growth with listings, LP seeding, grants, and transparent reporting.
